WHY KIDDIETRAC

Made for the way childcare really works

Built for Canadian childcare

CWELCC and provincial subsidies, Canadian stat holidays, and learning frameworks like How Does Learning Happen?, ELECT, BC ELF and Flight.

Families feel included

A parent app with photos, daily updates and messages, in English, French, Spanish and Hindi.

Safety comes first

Safe Arrival checks on any scheduled child who hasn't arrived, plus live ratios, incident reports and secure sign-in.

Real people, real help

A Canadian team that sets you up and replies within one business day.

MEET KIDDIETRAC

One place for your whole program

KiddieTrac is an all-in-one platform for childcare centres, home child care agencies and multi-site organizations. It brings the office, the classroom and families together.

- Invoices, subsidies and payments that reconcile themselves.
- Check-in, attendance and ratios in real time.
- Observations, lesson plans and report cards your educators enjoy writing.
- Parents who always know how their child's day went.

GETTING STARTED IS EASY

1. **Book a demo.** We learn how your program runs.
2. **We bring your data in.** Families, children and rooms, set up with you.
3. **Go live.** Train your team and invite families in days, not weeks.
